

## Adobe After Effects CC Intermediate 2 Day Course

### Overview

After Effects is digital motion graphics and compositing software that allows you to create QuickTime movies for output on the web or full-motion broadcast quality video for television. The course covers how to mix still images together to create a moving texture, place compositions into other compositions, use keyframes & layers effectively, and how to create effective rendering techniques.

### Audience

Graphic professionals and animators needing to enhance their motion editing and compositing skills.

### Course Objectives

By the end of this course, attendees will have learnt to:

- ✓ Understand Keyframe complexity and use the Keyframe graphic editor
- ✓ Use techniques such as shape layers, 3-D layers and expressions
- ✓ Use rendering – Render queue and render order/pre-composing
- ✓ Use path text, masks, color keying, track mattes,
- ✓ Use compound effects, motion stabilisation and tracking

### Prerequisites

Attendance of our Introduction course or equivalent knowledge is required.

### Course Contents (2 days)

- Beyond the basics
  - Adding custom easing
  - Advanced time remapping
  - Scene blur
  - Frame blending
- Combine effects
  - Compositing 3D objects and 2D footage
  - 3D lights
  - Creating shadow effects in 3D
  - 3D camera tracking
  - Green screen
  - Rotoscoping
- Working with shapes and vectors
  - Generating strokes
  - Adding and animating layer styles
  - Animating outlines
  - Advanced type animation
  - Animating Masks
- External controls
  - Animating characters
  - Advanced null control
  - Using sound to control layer properties
- Re-creating common effects
  - Jittery text
  - Double exposure
  - Kinetic typography
  - Slick object transitions
  - Sequential compositions

***Course Materials***

Enliten IT will provide each delegate with a workbook and other useful reference materials where applicable. These may be either paper based or in Adobe pdf format or a combination thereof.

***Notes:***

Enliten IT reserves the right to modify course content and materials as required in the interests of continuous course improvement, at any time, without notification.

The suggested course duration is a guideline. Course topics and duration may be modified by the instructor based upon the knowledge and skill level of the course participants.
