

Adobe Captivate Intermediate 3 Day Course

Overview

Adobe Captivate is a powerful Rapid eLearning authoring tool that allows virtually any kind of responsive interactive content to be developed, deliverable to almost any device, without the need for coding.

This course takes experienced Captivate users into the advanced features available - Advanced Actions and Shared Actions are explored in full, along with the Effects Panel and the new Learning Interactions.

Audience

eLearning authors and in-house content developers.

Course Objectives

By the end of this course, attendees will have learnt:

- ✓ Importing & Branching
- ✓ Advanced Actions
- ✓ Question Pools
- ✓ Learning Management Systems
- ✓ Accessible Projects
- ✓ Project and Design Templates
- ✓ Variables, widgets & buttons
- ✓ Prepare for and take the Adobe ACA Exam

Prerequisites

Attendance of the Introduction course or equivalent knowledge. Lots of hands-on experience in creating and publishing Captivate Projects is beneficial.
